

# Introduction to version control with Git

Day 3: More Git

Selina Baldauf

November 11, 2024

# Today

- Collect open questions in [Excalidraw](#) (5 min)
- Discuss open questions and additional topics (40 min)
- Feedback and Goodbye (10 min)

# Additional topics

# Ignoring files

see [here](#)

# Merge conflicts

Artwork by @allison\_horst

# git fetch VS. git pull

Artwork by @allison\_horst

# Feedback

Please take 7 min to fill out the feedback form:

<https://votingo.cedis.fu-berlin.de/survey/ARZC2L>

- Use the free text question in the end for suggestions

# Questions?

# How to continue from here

- Start using Git
- Have a look at [additional resources](#)
- Come to the [tools and tips lecture](#) for more science workflow topics
  - Next topics: Probably about note taking
- [Consultation](#): R programming, Git, ...

# Thanks for your participation

See you in the next workshop 🙌
